

CRaTER Verification Procedure/Report

Title: Secondary Science

Document 32-06030.12 Rev 01

Reference: 431-ICD-000104 Rev B, section 4.1.7.2

Requirement: Secondary science data format shall agree with given table

Procedure: These bits are mostly checked by successfully running the Long Form Functional test. The exception is establishing a unique relationship between the Singles Counters and the detectors to which they are purportedly associated. The check is the same as the primary science test: individual signal injection.
